

A Word to the Wise

Ancient Coin Study Group

of the Missouri Numismatic Society

21 July 2005

Dear Members,

The next meeting of the Ancient Coin Study Group will be held on Thursday, July 28 at 7:00 p.m. We will be meeting at Mike Pfefferkorn's apartment which is located at 4175 Loughborough (see enclosed directions).

Since there is no scheduled presentation, each member is being asked to bring a few items from their collection to share with the group. They do not necessarily have to be new additions to your collection, or even coins, just items that you find particularly interesting and somehow relate to ancient history.

Sincerely,

David Murrey
